

PV SOURCE

The online sourcing directory for the solar industry. Find the perfect fit for your supply chain.

You can be that missing piece!

PV source offers you the fastest and most cost-effective way to generate new business opportunities in the solar supply chain. It offers an affordable alternative or addition to your advertising and PR campaign by providing company- and product-specific information to business professionals in the solar industry. The online directory also attracts businesses that are looking to enter the high growth solar industry.

Company Profile

- ▶ In-depth categorisation facility allows potential customers to find your product by reference to its function in the PV supply chain
- ▶ Reach over 180,000 pageviews per month as part of PV-Tech
- ▶ Take advantage of PV-Tech's high Google rank and dedicated Search Engine Optimisation function to boost your microsite's ranked appearances in all the major search engines
- ▶ Your own company microsite with a unique URL, to include all news stories and product briefs written by PV-Tech and aggregated on one page
- ▶ Contact information so your new prospects can contact you
- ▶ Listings on Run-of-Site banners placed in unoccupied positions on over 100,000 web pages throughout the site

Premium Company Profile

- ▶ All of the features of a Company Profile
- ▶ Add your company to eight product categories and eight location categories to increase the number of people visiting your microsite
- ▶ Post your own press releases, product information and videos on your microsite
- ▶ Additional sales and contact details to make it easier for potential prospects to find you
- ▶ Inclusion as new Company Profile on the weekly e-newsletter

Some of the categories you will find in PV Source

- ▶ MES and Software for Manufacturing Facilities
- ▶ In-Line Processing Equipment
- ▶ Crucibles
- ▶ Cell Sorters and Testers
- ▶ Solar Simulation Equipment
- ▶ Clean Room Robots
- ▶ Wafer Automation Systems
- ▶ Stringers and Tabbers
- ▶ Backsheets
